Major General Richard C. Marr
Commander, Headquarters Air Mobility Warfare Center

The Air Mobility Warfare Center (AMWC) conducts over 40 courses to educate mobility managers and customers to effectively integrate and employ the global air mobility process.

Courses are funded per AFCAT 36-2223, para 7-5. Course prerequisites may be found in AFCAT 36-2323 or the AMWC Curriculum Catalog. Unless otherwise stated, all students should report to the Air Mobility Warfare Center, Building 5656 Texas Avenue, Fort Dix, NJ NLT 0745 on the first day of class. Any combination of the service uniform is appropriate for classroom activities. For most courses, BDU's and flight suits are not authorized. Please refer to specific course descriptions in AFCAT 36-2223 or the AMWC Curriculum Catalog.

Quarters on McGuire AFB are approximately 5 miles from the AMWC; therefore, we strongly suggest units consider authorizing rental cars. Due to many renovations of base facilities, lodging is frequently contract quarters. Students should report to the McGuire AFB Lodging Office, Building 2717, or the hotel contracted for them, NLT 1800 one day prior to class start date (CSD). When students are billeted off base, a call to Lodging may save excess driving time to and from the hotels. Additionally, if billeted offbase, students are advised to call the hotel and guarantee the room with a credit card if checking in after 1800 (see *Useful Numbers* on page 8 for hotel phone numbers). Students arriving earlier than 24 hours prior to CSD should contact Lodging in advance by calling DSN 440-3974 or Commercial (609) 724-3974.
